Bulk Deals

- **Ausom Enterprise Limited** witnessed bulk deal activity, indicating participation from large investors and institutional players. Such transactions often reflect strategic positioning and can signal changing market sentiment around the stock in the short term.
- **B.A.G. Convergence Limited** saw bulk deal activity, suggesting interest from institutional or high-net-worth investors. These transactions may indicate portfolio realignment and can influence near-term price movement and liquidity in the stock.

Insider Treders

- **Info Edge (India) Limited** recently showed insider trading activity disclosures where company insiders, including employees and trusts, sold shares in compliance with SEBI's insider trading regulations, reflecting routine internal trading rather than misuse of non-public information.
- **Rachana Infrastructure Limited** has reported insider buying activity by its promoter, Girishkumar Ochchhavlal Raval, with multiple acquisitions of shares disclosed under SEBI's insider trading regulations, indicating increased promoter conviction in the company's prospects.
